

2017-2018 Sports Physical

According to PIAA rules, any student who participates in interscholastic athletics must have completed a physical examination by an authorized medical practitioner before the first practice of that school year. The Commodore Perry School District has partnered with Dr. Jack Peterson as its school Physician to provide sports physicals prior to the start of the 2017-2018 school year. In an effort to ensure that our students are receiving a quality sports physical, as well as being fiscally responsible, students are asked to make a \$15 contribution toward the cost of the physical if they choose to have their sports physical through the school. (Students may have physicals completed through other providers at their own expense.) The dates for the school sports physicals will be June 9th and 16th.

If you would like your child (or children) to obtain his/her sports physical with Dr. Peterson, please complete the form below and return it and \$15 (either cash or check made out to the **Commodore Perry School District**) to the high school office. You will be contacted to schedule a date and time for your child's physical. Please include a number or email address for a text or email reminder. If you are unable to make the \$15 contribution, please contact Dr. Keeling (724-253-2232) for assistance.
