## **STUDENT HANDBOOK**

---

**2019-2020**

The Commodore Perry School District Administration is pleased to present the 2019-2020 Student Handbook. This handbook will provide important information regarding rules, responsibilities, policies, and procedures for students in the Commodore Perry School District. The approved District Calendar is included at the end. Because dates for activities, events, and sports are often changed, a monthly year calendar will no longer be printed; however, an accurate, electronic calendar can be accessed on our website at [cppanther.org](http://cppanther.org) by clicking the calendar icon in the top right corner.  Hard copies are available upon request at any of the school or district offices. Please read this material carefully before signing the *parent/guardian acknowledgement of receipt and agreement form* that was sent home with your child. If you have any questions or concerns, please contact your child's principal. This handbook is not an all-inclusive list of potential situations and issues. Items may be added which may safeguard students' health and welfare on a case by case basis at the discretion of the administration.

# COMMODORE PERRY STUDENT HANDBOOK

## WHO OWNS THE SCHOOL

Surprisingly, **YOU** do! Your parents and all taxpayers are legally required to pay taxes that build and maintain the Public School System. Everyone pays taxes in one form or another. Therefore, any damage done to this building, equipment, buses or books must be paid for with your own family money!

## STUDENT ID CARDS

All students should have an ID card. This card is used to purchase food in the cafeteria, the library, for ID at school events, for safety reasons and in the future will be used for other purposes. Students are responsible to make sure that their ID cards are not lost or damaged. They will be asked to pay a \$5 replacement fee for lost or unusable cards. The fee **DOES NOT** come out of the student's lunch fund. Student ID cards will be used to purchase lunch and breakfast. This is a rule because of federal reimbursement procedures and for facilitating the quick movement of the lunch line. Whether a student uses his account or not does not matter. A student who does not use his card numerous times will experience consequences. For more information, go to the school's web site and select School Policies.

## ATTENDANCE GUIDELINES

The mission of the Commodore Perry School District Attendance Guidelines is to encourage and foster improved daily attendance for all students. We ask each of you to support the Attendance Guidelines so that all of our students can receive a quality education. Regular attendance is a healthy and vital life-long habit, which should be nurtured. Perfect attendance is a goal that we should all strive to accomplish. Thank you for your cooperation.

1. Attendance in school is mandated under the Compulsory Attendance laws and is the responsibility of the parent/guardian. Parents will be cited and taken before the District Magistrate in cases of unlawful absence for school that exceeds three (3) days. After 20 cumulative days of absence in any given year, students will be required to provide a doctor's excuse within (1) one week. Failure to do so will result in an illegal/unexcused absence being issued. Periodically, parents are sent attendance update letters when students are missing from school excessively
2. Compulsory attendance states that a parent or guardian of all children between the ages of **six (6) and eighteen (18)** are required by the Pennsylvania State Compulsory Attendance Law to ensure their children attend an approved educational institution unless legally excused.

### Definitions:

Excused Tardy – If a student fails to report to school by 8:03 a.m., but arrives before 9:30 a.m. with a written excused note from a parent or guardian, the tardy will be excused.

1. Unexcused or Unlawful Tardy – If a student fails to report to school by 8:03 a.m., but arrives before 9:30 a.m., without a written note or the note contains an inexcusable reason, the tardy will be unexcused or unlawful. Should a student miss an entire class period due to tardiness, he/she will not be permitted to make up work for that class period
2. Excused and Unexcused Half Day Absence – If a student arrives to school after 9:30 a.m. and before 1:00 p.m., a note must be presented for an excused half-day absence.
3. Excused Full Day Absence – If a student arrives after 1:00 p.m. or does not report to school for the entire day, a note must be presented for an excused day.
4. Unexcused Full Day Absence – If a student arrives to school after 1:00 p.m. or does not report to school for the entire day, the note from the parent/guardian contains a reason that is not excused or a written excuse is not presented.
5. Excused Temporary Absences (Pennsylvania Code, Title 22, and Chapter 11).
  - a. Personal illness
  - b. Quarantine of the individual or home
  - c. Death in the family (5 days maximum)
  - d. Farm or domestic service work permit.
  - e. Educational Trip (5 days maximum with prior approval)
  - f. Exceptional urgent reasons, such as house damaged by fire, storm, etc.
  - g. Religious Holiday
  - h. Required Court Appearance
  - i. College Visitation, for seniors only, for 3 maximum days with prior approval

Notes:

1. Missing class for a school related function would not count as a missed period.
2. The school will have an appeal procedure for students and parents/guardians to take into account extended illnesses, injuries, etc.
3. **Student driving privileges may be restricted for any student who is failing a class or classes due to unacceptable attendance and/or absence verification infractions.**
4. **Students with chronic attendance, grade, or lateness concerns may not be permitted to participate in field trips, clubs, or other organizations.**
5. Students will have the number of days absent to make up work missed. Example: 3 days absent = 3 days to make up work.
6. The administration will attempt to notify parents/guardians and students when there is an attendance concern.
7. On the 3rd day of absence, make-up work may be requested. Make-up work will not be requested for absent day one or two.
8. Private transportation problems do not qualify as a legal excuse.
9. Any student who is **eighteen (18)** years of age or older and is absent from school for ten (10) consecutive days will be removed from the school attendance roster unless the school district is provided a doctor's note.
10. **A student must be present prior to the beginning of the second (2) period in order to participate or attend any school –sponsored activity for that day unless a medical excuse is obtained.**
11. Students who make prior arrangements at the office for an unexcused absence may be permitted to make up missed work if the reason given for the absence is judged to be worthwhile and/or necessary by the administration. A written statement (forms available in the office) indicating the reason for the absence and the dates involved should be presented to the office at least once a week prior to the date(s) involved. This includes hunting excuses, act. When there is doubt, prior approval should be the norm.
12. Breaking the attendance guidelines is considered a misconduct violation by the school district.
13. Students are responsible for contacting their teachers to obtain make-up work for any kind of absence.

### DISMISSAL DURING SCHOOL HOURS

Only those students who have written permission presented to and approved by the office and whose names appear on the absentee report are permitted to leave the building during the school day and the parent must pick them up at the school. An exception to this is senior work release students. **All students who have permission to leave the buildings must sign out in the office. Failure to do this will result in an illegal absence and other disciplinary consequences.**

Attempts should be made to not schedule medical and dental appointments during the school day. However, if a student must leave school early, a note from the Parent/Guardian **MUST** be provided to the office. Any excuse for an appointment should indicate the name and location of the appointment. When returning to school, the student should bring an appointment card or other official documentation signed by the doctor's office.

### ABSENCE VERIFICATION

When a student returns to school after an absence, a written absence excuse by a parent/guardian must be given to his/her first period teacher. The absence excuse must be in accordance with the established attendance regulations to be an acceptable excuse. **THIS WRITTEN EXCUSE MUST BE PRESENTED TO THE OFFICE WITHIN 3 SCHOOL DAYS AFTER THE STUDENT RETURNS TO SCHOOL.**

### RESPONSES TO UNLAWFUL ABSENCES

Habitual truancy negatively impacts a child's school performance and increases the likelihood of the juvenile delinquency. An intensive and timely response to truancy is critical in those cases where a clear pattern of habitual truancy is evident. School districts shall not wait until a child has missed an excessive number of days before utilizing punitive measures and involving other systems.

1. **First Unlawful Absence-** Parent/Guardian receives a notice of unlawful absence from the school district. The legal penalties established by the law for violation of compulsory attendance requirements should be attached to the notice. In addition to stating the legal punishments the name and the telephone number of a school contact person shall be included. Parents are then able to contact a specific person to request assistance in resolving a child's truant behavior.
2. **Second Unlawful Absence-** Parent/guardian receives a second notice of unlawful absence from the school district. Once again, the legal penalties established by law for violation of compulsory attendance requirements and the name and telephone number of a school contact personnel should be included. Additionally, another offer of assistance should be made to the parent.
3. **Third Unlawful Absence-** Parent /Guardian receives a third notice of unlawful absence by certified mail providing "official notice of child's third illegal absence." Attached to this notice will be penalties for violation of compulsory attendance requirements as they pertain to both the student and the parent/guardian who again violates the compulsory attendance requirements shall be liable without further notice. School districts shall coordinate a school/family conference to discuss the cause of the child's truancy and develop a mutually agreed upon Truancy Elimination Plan (TEP) to resolve the truant behavior. Issues to be reviewed at the school/family conference include the appropriateness of the child's educational environment, current academic difficulties, physical or behavioral health issues, and /or family environment concerns. At the end of the conference, all parties should sign a comprehensive TEP that is agreed to by the school representative, the child, and the parents and/ or family. The plan could include accessing academic and social/health supports from the school and community organizations, an outline of family/parent and student responsibilities, and levels of performance monitoring that include rewards and consequences.
4. **Subsequent Unlawful Absence-** After agreeing to a TEP, or if there is not agreement on a truancy elimination plan and 3 days have passed since the parent/guardian received the official notice for the child's third illegal absence, if a child is unlawfully absent, at any point within the school year, an official notice of unlawful absence will be sent home. The purpose for this correspondence is to inform the child's parent/guardian that the child has again violated the compulsory attendance requirements, and advise the parent/guardian that a citation will immediately be sent to the magisterial district judge. To ensure the parent/guardian receives the notice, it is recommended that such a notice be sent through certified mail. After this step, the school is not obligated to inform parents in writing of absences but it is recommended that the school continues to call parent/guardian to inform them for additional truant behavior. Schools should refer all future incidents of truancy directly to the magisterial district judge having jurisdiction in the region.
5. **Referral to County Children and Youth Agency**
  - (a) **Children under 13 years of age** – Any child who has not attained the age of 13 with fails to comply with the compulsory attendance requirements and is habitually truant, shall be referred by the school district to the local county children and youth agency for services, which may include addressing the family issues that may be responsible for the child's truant behavior, or possible adjudication as a "dependent" child under the Juvenile Act. The referral to the county children and youth agency may be in addition to proceeding against the parent/guardian by sending the citation to the appropriate magisterial district judge or a school may decide to refer a family to the local county children and youth agency instead of sending a citation to the appropriate magisterial district judge. If the parent /guardian provide written consent, a copy of the TEP should be forwarded to the county of children and youth agency.
  - (b) **Children 13 Years of Age and Older** –Any child who has attained the age of 13 who fails to comply with the compulsory attendance requirements and is habitually truant may, in lieu of being prosecuted(as described in Section V below), be referred by the school district to the local county children and youth agency for services, which may include addressing family issues that may be responsible for the child's truant behavior or, possible adjudication as a dependent child under the Juvenile Act.
  - (c) **Habitually Truant** – The School Code defines habitually truant as absence for more than three (3) school days or their equivalent following the first notice of truancy given after a child's third unlawful absence.
  - (d) **Continued Truancy** – If a child of any age continues to be truant after the above actions have been taken, then school districts are encouraged to file citations with the local magisterial district judge citing the child's continued truancy on a weekly basis. It is imperative that the local magisterial judge be kept informed if truant behavior continues after a plan is in place.
6. **Proceedings and Penalties for Violation of Compulsory Attendance Requirements(24 PS 13-1333 and 1338.1)**
  - (a) **School Codes** – Every parent/guardian of any child of compulsory school age is subject to penalties if compulsory school-age attendance requirements are not met. While school districts are required to give three days written notice of

compulsory attendance prior to proceeding against the offending party it is strongly recommended that school districts make concerted effort to address the cause of child's truant behavior before referring the child to another system.

**Possible sentences for parents found to be in violation of the compulsory attendance law:**

- Paying a fine up to \$300 for each offense and court cost , or Completing a parenting education program, and
- In cases where the party convicted fails to pay the fine or complete the parenting education program, a subsequent sentencing to the county to the county jail for no more than five days .
- Completing in lieu of, or in addition to the previous penalties, community service within the school district for a period of no more than six months. (Magisterial district judges may suspend all or portions of the sentence if the child is no longer a habitually truant.)

The board of school directors may bring the student before the court. If the parent/guardian is not convicted by the magisterial district judge because the parent/guardian took every reasonable step to ensure the child's attendance at school and the child has attained the age of 13, the child may be:

- Subject to a fine of no more than \$300 for each offense, or
- Assigned to an adjudication alternative program pursuant to 4 Pac's§ 1520 and alleged to be dependent under 42 Pac's§ 6303 (a)(1) by the magisterial district judge if the child pays the fine or comply with the adjudication program.
- Referred by the school district for services or possible disposition as a dependent child defined less than 42 § 6002(5), in lieu of prosecution or assignment to an adjudication alternative program, if the child fails to comply with the compulsory attendance provisions and is habitually truant. (Magisterial district judges may suspend all portions of the sentence if the child is no longer habitually truant.)

Any child who has not attained the age of 13 who fails to comply with the compulsory attendance requirements and is habitually truant, shall be:

- Referred to the school district for services or possible adjudications as a dependent child as defined less than Pac's § 6302(5).
- For children convicted of violation of compulsory attendance requirements by the magisterial district judge, the court, including a court not a record, must send a certified record of the conviction or other disposition to the Department of Transportation.
- Upon first conviction, the child's operating privilege an automobile will be suspended for 90 days.
- Upon second or subsequent conviction, the child's operating privileges will be suspended for six months.
- Children who do not yet have a driver's license will be ineligible to apply for a license for the time periods of 90 days for the first conviction and six months for any subsequent conviction.

If a student of compulsory school age cannot be kept on account of truancy, the school district may proceed against the student before the juvenile court.

(b) **Further corrective measures for violation of compulsory attendance** – General protective are defined as services to prevent potential for harm to the child. Under Title 55 Pa code, Chapter 3490.223, children who are habitually and without justification truant from school while subject to compulsory school attendance are subject to an assessment to determine if there is a need for general protective services. Children shall not be referred to the county children and youth agency for assessment as possible needing services until after the school district has made a formal effort to involve a family and child in resolving the cause of the truant behavior.

## HOMELESS STUDENTS

On December 10, 2015 the Every Student Succeeds Act (ESSA) was enacted, amending The McKinney-Vento Homeless Assistance Act. Homeless children and youth are defined as individuals who lack a fixed, regular and adequate nighttime residence, which include the following conditions:

- Sharing the housing of other persons due to loss of housing, economic hardship or a similar reason.
- Living in motels, hotels, trailer parks or camping grounds due to lack of alternative adequate accommodations.
- Living in emergency, transitional or domestic violence shelters.
- Abandoned in hospitals.
- Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings.
- Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings.
- Living as migratory children in conditions described in previous examples.
- Unaccompanied homeless youth which include any child who is not in the physical custody of a parent or guardian. This includes youth who have run away from home, been thrown out of their home, been abandoned by parents or guardians, or separated from their parents for any other reason.
- Living as school-aged parents living in houses for school-aged parents if they have no other living accommodations.

Every reasonable effort will be made to identify homeless children within the district, encourage their enrollment, and eliminate existing barriers to their attendance and education in compliance with federal and state law and regulations. For more information, please see School Board Policy #251 Homeless Students, or contact Julie Gilmore, Homeless Liaison at 724-253-3255 ext 1240.

## NURSE'S OFFICE

1. **Students will be admitted to the nurse's office only with a pass signed by the teacher or administrator.**
2. **Students are not to go to the nurse's office between classes or during lunch. If a student becomes ill during lunch, a pass may be obtained from the lunchroom supervisor.**
3. All students who take medication during the school day are to give the medication to the school nurse at the beginning of the day. **The medication must be brought to the nurse's office by a parent. A copy of the prescription or medication form is required with the medication. The prescription should include the name of the student, physician, drug dosage and frequency.** The nurse, in turn will dispense the medication to the student at the appropriate times.
4. Possession and the use of Asthma Inhalers. In some cases, students may need to carry their inhalers. The following is required for in-school use and is included in the Self Administration form available at the nurse's office.
  - (a) The nurse must be notified following the self-administration.
  - (b) The inhaler/medication will be confiscated and loss of privileges if above is abused or ignored. The parent will be notified, and the inhaler will be in the nurse's office.
5. Students may carry an Epi-Pen with the appropriate physician's order.
6. Physicals are required in grades K, 6 and 11.

## ILLNESS DURING SCHOOL

1. Any student wishing to leave school due to illness must report to the nurse's office. The student is not permitted to directly contact their parent.
2. When the student reports to the nurse's office, the nurse will call to receive permission from a parent or authorized person, according to the student's emergency card, for that student to leave school. If such person cannot be contacted, the student will not be permitted leave the school. All students must submit an emergency information card annually to update the information to current contacts as needed throughout the year.
3. Students are absolutely forbidden to leave the school grounds without permission from the nurse or administrator.
4. When the permission is given for a student to leave school, the student must go to the High School or Elementary Office.

## CONFLICT RESOLUTION – PROPER PROCEDURE

When parents feel their child is having difficulties in school, they should use the following procedures for obtaining corrective action:

1. If the situation is related to a teacher, an appointment should be made through the guidance counselor or principal for a conference with the teacher involved.
2. If the situation is other than teacher related, the parents should contact the principal to obtain some kind of satisfactory resolution.
3. If satisfaction is not obtained at the teacher or principal level, then the parents should contact the superintendent of the schools. After three levels have been exhausted, parents can always appeal to the president of the board of education. We strongly urge all parents to use the procedures, for we have found that in 99% of all cases, most situations can be solved at the teacher or principal level. Our board of education has strongly endorsed these procedures and recommends that parents observe the suggested processes.

## CANCELLATION OF SCHOOL

In the event that school would have to be cancelled or delayed for the day because of weather conditions, bus drivers, teachers, parents, and students should tune into the following radio stations between the hours of 6:00 & 8:00 a.m. TV: WFMJ, WKBN, WYTV. Robo calls will be made by 6:00 AM to all families/guardians that are registered through the school district. (Changes and updates may be made through the elementary and high school offices.) Families/guardians may also register to receive text message alerts through WFMJ as soon as the delay/cancellation is posted. The link to register is <http://www.wfmj.com/link/708626/text-alerts>.

## REPORT CARDS/GRADING SCALE

**Elementary report cards** will be sent home with each student every NINE (9) weeks. Parents should review the card, sign and return it promptly.

**High School report cards** will be issued every NINE (9) weeks. If you have a question about your child's progress, please feel free to call and arrange a conference with the guidance counselor and/or the teacher involved. Below is the percentage scale upon which letter grades will be based:

Letter Grade	Percent	GPA
A+	100-98	4.67
A	97-95	4.33
A-	95-92	4.0
B+	91-89	3.67
B	88-86	3.33
B-	85-83	3.0
C+	82-80	2.67
C	79-77	2.33
C-	76-74	2.0
D+	73-71	1.67
D	70-68	1.33
D-	67-65	1.0
F	64 & below	

End of the year report cards will be mailed home. Students who owe obligations will not receive their report card until all obligations are returned or paid to the office.

## INCOMPLETE GRADES

When a student in grades 7 or 8 receives an unsatisfactory (failing) grade for the year in the equivalent of two (2) or more academic credits, he/she will be required to repeat the grade or complete credit recovery through private tutoring at his/her own expense. Students in grades 9-12 will be scheduled to make-up the required subject which has not been satisfactorily completed on an individual basis.

During a grading period, if a student does not do or complete work necessary to satisfactorily make progress in the course, the student is assigned a final grade of incomplete.

If this work is not of the nature to affect general student reaction or necessary requirements of the course, the (i) will revert to an "F" at the end of two (2) weeks for the final grade, if it has not been satisfactory made up. If this work is a necessary requirement and the student does not make it up, the (i) stays and all proceeding grades, no matter what the student's progress is must also be (i). When the original work is made up, the resulting incompletes are to be changed to their earned value.

### **HIGH HONOR/ HONOR ROLL**

An Honor Roll will be completed at the end of each grading period. To be eligible students must meet the following criteria:

1. Carry five (5) full-time (5 days a week) subjects.
  2. Receive no D, F or Incomplete grades.
  3. Career Center grades will count double because of the three (3) credits.
- HIGH HONOR (4.0 AVERAGE) No grade lower than a B
  - HONOR (3.33 AVERAGE) No grade lower than a C

### **BUS LOADING PROCEDURES**

It is the drivers' responsibility to establish a regular schedule within a reasonable range of time. (That range will increase, of course, in extreme weather or when there are problems with the bus itself.)

Drivers are not permitted to wait for students at pick-up points. It is unlawful for a bus to hold up traffic. Also, a bus that waits for one child will be late for the next child and all subsequent children.

Parents are responsible for having their children at the bus pick-up points on time. Parents also should instruct their children to stay back from the road until the bus is fully stopped and the lights are flashing. This is especially important in bad weather. With young children, parents should help form good safety habits; they should talk to their children about situations that may arise; what to do if a pet comes out to the bus, if school papers blow out of the child's hand and under the bus as driver is pulling away, or if a stranger tries to pick the child up. Children should be instructed to go directly home when departing the bus.

It is very difficult for drivers to keep track of their children if they do not follow a safe, daily routine. It is important that parents support the bus driver and principal when dealing with the misconduct of students. We are concerned for the safety of our children.

### **BUS REGULATIONS**

\*Cameras may be used to assist bus drivers

The student bus riding regulations are as follows:

1. Keep seated while the bus is traveling; be seated with the feet on the floor and do not board or leave the while the bus is in motion.
2. Arms, head, and hands are to be kept inside the bus.
3. After leaving the bus, pupils who must cross the road are to walk in front of the bus. Cross the road only after the bus driver has given you a signal.
4. Shoving, pushing, using profane and obscene language, smoking, drinking, and eating are prohibited.
5. Vandalizing (marking or writing on the seats or bus walls, removing screws, bolts or nuts; pushing on the backs of the seats in front of the student, etc.) and littering are prohibited.
6. Students must obey all requests and directions given by the bus driver or bus patrol members.
7. Keep laughter and talk at a low level.
8. Be ready when the bus arrives and board promptly.
9. Transportation by the school bus should be considered a privilege not a right.
10. Students must follow directions of the driver at all times.

The Commodore Perry School district will provide transportation to all qualifying students in accordance with State guidelines and mandates. Students will be assigned to both a specific bus and bus stop. All students are only permitted to ride the bus to which they have been assigned and must get on and off at their assigned stop. Requests to ride alternate buses for the reasons such as visiting a friend, relative, or various student lessons will not be granted.

Reassignment for the Purpose of Child Care: The district recognizes the need of many parents for alternate pickups or drop-offs due to the necessity of child care. Therefore, allowances will be made for parents desiring a permanent alternate stop. This means that a child may be picked up and dropped off at a location other than the child's residence or even picked up at one location and dropped off at another.

Requests for such allowances must be made in writing by the parents or guardians with each request being reviewed by the Superintendent on an individual basis. For example, a student may not be picked up or dropped off at one location two days a week and different location the remaining three. In either case any change must be the same for every day of the week. The only exception will be for a physician documented ongoing medical condition. Additionally, each request will be granted in accordance with the following criteria:

1. The request can be accommodated with the current bus route and does not extend the existing route.
2. There is space on the vehicle of the alternate route being requested.
3. The request change does not increase the cost to the School District.

**Students who violate the bus riding rules, under the guidelines set forth by the School Board Policy, will be suspended from riding the bus.** The driver's responsibility involves the administering of disciplinary measures commensurate with the offense. All cases of suspension from bus riding shall be reported promptly by phone or visitation to the parents or guardians of the child involved and to the superintendent. Suspension from bus riding may begin immediately after parent notification, but must begin no later than 24 hours after notification. In addition to the penalties imposed by the Discipline Code, the following additional penalties will be imposed if the disciplinary infraction occurs while a passenger on a school vehicle:

1. First report – warning: principal-student and/or in-school consequence

It is the bus driver's responsibility to establish a regular schedule within a reasonable range of time. Drivers are not permitted to wait for students at pick-up points. It is unlawful for a bus to hold up traffic. Parents are responsible for having their children at the bus pick-up point on time. Parents should help develop good safety habits and talk to their children about appropriate behavior waiting for the bus and enroute to school. Children should go directly home when departing the bus. It is important for the parents to support the bus driver and principal when dealing with students' misconduct on the bus.

Footage from bus cameras may be used for discipline purposes.

## DISCIPLINE CODE

Effective operations require effective guidelines. Such guidelines, in addition to being mandated by the State, are especially important for students in order to establish a sense of acceptable behavior.

The purpose of the guidelines, which were developed by a joint committee of faculty, students, administrators, and parents are the following:

1. To ensure an understanding by parents and students of what is acceptable behavior, as well as, what actions will be taken for infractions of these rules.
2. To ensure that teachers and students using the guidelines will be able to establish an appropriate classroom environment
3. To ensure consistency and an equality of treatment for all students.
4. To ensure the protection of students from other students, who abuse the rights afforded to them.
5. To ensure that parents and students understand the processes which lead to disciplinary action.

These guidelines are intended to cover discipline problems at all age levels in school. You may find some of the guidelines irrelevant because of the age of the student.

The Pennsylvania State Police may be contacted by the administration any time there is an infraction that may result in a citation or need for additional input on a possible violation of state or local statutes.

### **LOCKERS**

The Locker is property of the Commodore Perry School District and is provided to the student for storing school-related items and clothing. The school has an obligation to insure that the locker is used properly and that no item placed in the locker jeopardizes the protection of the health, safety, and welfare of the students, faculty, school property, and educational process. To fulfill this obligation school officials have the right to conduct locker searches. Students are not to expect privacy from school searches of lockers as outlined in the handbook under Right to Search. Locker searches may be conducted without any regard to any individualized suspicion. Should any item that violates school policy be found in the locker, the item(s) will be immediately confiscated and appropriate disciplinary proceedings will be instituted against the student in accordance with the discipline policy outlined in this handbook.

Each student is assigned his/ her own locker. Students are not permitted to share lockers with any other student. Students are not to move to other lockers without permission. Lockers are the property of the school district and can be searched properly at any time by school officials. It is recommended that the lockers be used infrequently during the school day in order to prevent students from being late to class. An appropriate schedule might be before class in the morning, lunch, and at dismissal time. It is recommended that students not bring large sums of money or valuables to school. If the student wishes to use a lock, the combination or key to the lock must be provided to the office prior to the lock being placed on the locker. This includes lockers used in our boys and girls locker rooms.

## RIGHT TO SEARCH

School officials reserve the right to search any and all school property at any time. These searches may encompass any and all items stored in lockers or in any other area of the school property. In addition, school officials have the right to search students, their direct possessions and automobiles parked on the property if there is reasonable suspicion that the student is in violation of any school rule or policy, or poses a threat to themselves or others while on school property. Searches may include, but are not limited to, the utilization of a certified police drug detection dog, metal detection units, or any other device

deemed useful in protection of the health, safety, and welfare of the school population. A student who refuses the request for a search by an administrator that is proper and reasonable may be disciplined under the district's discipline policy. Action may include suspension or referral to the board for an expulsion hearing. An administrator may seize any evidence indicating that a student is violating or has violated the law or school rule, that the administrator may find as a result of a search of a student's property, clothed body or areas designated for a student's use if the search is proper and reasonable. **Students should remember to leave personal items of value (such as mp3 players, radios, money, etc.) at home and not in their lockers. occurred. However, a student who is deliberately absent from a winter or spring concert may, with concurrence of the high school principal, receive a grade of “F” during the report period in which the absence occurred.

### **FIRE/TORNADO DRILLS**

Our building is of fireproof construction, but we must know how to empty the building in an orderly manner as rapidly as possible. Records show that more people are injured in fires because of panic or being trampled than by the actual fire itself. In each room you will find instruction sheets posted advising teachers and students of the procedure that needs to be followed in case of fire or tornado. It also directs each room to the proper safe location.

1. Be calm and orderly.
2. At the sound of the fire signal or tornado alarm – all work must cease instantly.
3. Pupils will walk out of the room as directed by the teachers.
4. Students will follow the procedures provided by the teachers.
5. Silence is absolutely necessary. Students will be QUIET.

### **GUIDANCE DEPARTMENT SERVICES**

1. Assisting in scheduling high school program of study.
2. Maintaining academic records and credit evaluations.
3. Providing occupational and educational information.
4. Assisting in post-secondary education plans.
5. Providing and interpreting test results.
6. Arranging and conducting student/parent and teacher conferences
7. Coordinating and facilitating referrals.

### **STUDENT ASSISTANCE PROGRAM**

Again this year, Commodore Perry High School will join every other school in the county by providing a Student Assistance Program, a way to identify students who are having problems in the school because of alcohol or any other drug use or because of high-risk behaviors and to refer them for help. It is not designed as treatment, but as an intervention program. The SAP team of specially trained school personnel will receive referrals from other school personnel, parents, and students themselves; the team will conduct a pre-assessment to determine the need for action. Formal assessments, if indicated are provided by a professional counselor or interventionist outside of the school. Further information on this program is available by calling the high school office.

### **TUTORIAL INSTRUCTION**

Tutoring arrangements will be authorized by the administration for the following:

1. To help students who need a little extra help in a class they are currently taking, or
2. To use as means of making up a class that has been failed, or
3. To use to improve a final grade of “D” or “F” when a “C” or better is prerequisite for the following course.

Note: To make up a failed semester subject a student will need to complete 15 tutoring hours. A full –year subject would require 30 tutoring hours. Students completing original credits are required to complete 30 tutoring hours to earn .5 credit and 60 tutoring hours for (1) credit. Only (2) credits may be earned during a school calendar year (September-August). Courses that can be scheduled in a student’s schedule must be completed in the school, rather than with a tutor during the school year or during the following summer. Tutors should speak with the subject teacher to secure available materials and input as to appropriate subject matter to be covered. The Superintendent shall be responsible to approve all persons and programs of tutorial instruction that are to be utilized for remediation and original credit. The tutoring guidelines are available at the high school office.

## **PUBLIC NOTICE ON SCREENING AND EVALUATION**

The school district uses the following procedures for allocating, identifying, and evaluating specified needs of school-age students requiring special programs or services. These procedures as required by law, are as follows:

The district, as prescribed by section 1402 of the School code, routinely conduct screenings of a child's hearing acuity in the following grades: kindergarten, 1,2,3,7 and 11.. Visual acuity is screened in every grade. Speech and language skills are screened in kindergarten, 1, and 3 on a referral basis. Height and weight are screened yearly, as is BMI measurement. Scoliosis is screened in grades 6 and 7. Gross motor skills, academic skills, and social-emotional skills are assessed by classroom teachers on an ongoing basis. Specified needs from all of these screening sources are noted within the child's official file. School records are always open and available to parents and only to school officials who have a legitimate "need to know" information about the child.

Information from the records is available to other persons or agencies only with appropriate authorization that involves written signed permission by parents. Parents with concerns regarding their student may contact the special education coordinator or building principals at any time to request a screening or evaluation of their child. Communications with parents and exceptional students shall be in English or native language of the parents.

Screening information will be used by the instructional support or SAP Team within the student's school to meet his specific needs or to document the need for further evaluation. If it is determined that a child needs additional services, the Child Study Team will make adjustments relative to such areas as the child's learning style, behavior, physical disabilities, and speech problems to be more in keeping with traditional classroom experiences. If a student does not make progress, parents will be asked to give written permissions for the further individual professional evaluations.

After all the evaluations are completed, a comprehensive evaluation report will be compiled with parent involvement and include specific recommendations for the types of intervention necessary to deal with the child's specific needs. Parents are then invited to participate in a meeting where the results of the multidisciplinary evaluation will be discussed. An Individual Education Program (I.E.P.) will be developed for specialized serves for the student.

The school district I.E.P. team will consist of at least three of the following district staff: the special education coordinator, the building principal, the special education teacher, the regular education teacher(s), the district psychologist, other teachers, or specialists as needed and other administrative staff when appropriate.

Parents may request that the district initiate a screening or evaluation of their student's specified needs at any time by contacting the special education coordinator or building principals. Further information about these procedures may be obtained by calling Mrs. Stacy Payne, 724-253-2232.

Parents are an integral part of I.E.P. teach and need to be physically present at the I.E.P. meeting. The district will make every effort to insure parent participation. The district will notify the parents in writing, make documented phone calls, and make home visits if necessary to make partners aware of the I.E.P. conference and the need to parental participation. Parents are then presented a Notice of Recommended Assignment (NORA) with which they may agree or disagree. If parents disagree with the program being recommended, the issue may be taken to mediation or a due-process hearing.

Information about early intervention, parent rights, mediation or due process procedures; specific special education services and programs offered by the district; and the district's educational records policy is available upon request from the building principal in a child's school.

### Family Educational Rights and Privacy Act

The federal statute entitled the Family Educational Rights and Privacy Act ("FERPA") requires that the District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designed "directory information" without prior written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include this type of information from your child's education records in certain school publications.

Examples include:

- A playbill showing your student's role in a drama production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs
- Sports activity sheets, such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's/eligible student's prior written consent unless the parent or eligible student has advised the District that they do not want the information disclosed without their prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. The District has designated the following information as directory information:

- Student's name
- Telephone listing
- Photograph
- Major field of study
- Grade level
- Weight and height of members of athletic teams
- Degrees, honors, and awards received
- The most recent educational agency or institution attended
- Enrolment status
- Other similar information that would not generally be considered harmful or an invasion of privacy if disclosed
- Address
- Electronic mailing address
- Date and place of birth
- Dates of attendance
- Participation in officially recognized activities and sports
- Live-Streamed events

Directory information does not include a student's (1) Social Security number, or (2) student identification (ID) number, user ID, or other unique personal identifiers used by the student for purposes of accessing or communicating in electronic systems, except those identifiers may be included in "directory information" if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as personal identification number (PIN), password or other factor known or possessed by the authorized user.

**NOTE:**

Parents and eligible students may not use their right to opt out of directory information disclosures to prevent the District from requiring students to wear student identification badges or cards that display information that may otherwise be designated as directory information. If a parent or eligible student has an objection to wearing student identification badges, the reasons for the objection should be articulated to the Administration and will be dealt with on a case by case, consistent with applicable Pennsylvania and federal laws.

In addition, section 8528 of the Every Student Succeeds Act requires that the District shall provide access to secondary school students' names, addresses and telephone listings upon requests made by military recruiters or institutions of higher education unless parents have advised the District that they do not want their student's information disclosed without their prior written consent.

If you do not want the District to disclose directory information from your child's education records or disclose the above-listed information to recruiters from the military or institutions of higher education without your prior written consent, you must so notify the District in writing by September 9, 2018.

Questions or written requests should be directed to Kim Zippie, Superintendent, 3002 Perry Highway, Hadley, PA 16130, 724-253-3255.

### **Notification of Rights Under the Family Educational Rights and Privacy Act**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who have reached the age of 18 years or who attends a post-secondary institution ("eligible students") certain rights with respect to the student's education records. These rights are:

- 1. The right to inspect and review the student's education records within 45 days of the day the District receives for access.** Parents or eligible students should submit to the school principal (or other designated school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

Please note records of the District's law enforcement unit, (the District's school police force) which were created by the law enforcement unit, were created for a law enforcement purpose and are maintained by the law enforcement unit, are not "education records" within the meaning of FERPA.

- 2. The right to request the amendment of the student's education records that the parent or eligible student believes to be inaccurate or misleading or otherwise in violation of the student's privacy rights under FERPA.**

Parents or eligible students who wish to ask the District to amend a record should write to the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed.

If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- 3. The right to provide written consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without**

**consent. While you may request a listing of all of the exceptions, the three most common of these exceptions to the prior consent rule are as follows:**

- a. The District may disclose education records to “school officials” with legitimate educational interests” without obtaining the prior consent of parent(s). A “school official” is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer or a person or company with whom the District has contracted to perform a special task or who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records, such as an attorney, auditor, medical consultant, insurer, therapist or student teacher; or a parent or a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks. A school official has a “legitimate educational interest” if the official needs to review an education record in order to fulfill his or her professional responsibility.
- b. Upon request, the school will disclose education records without consent to officials of another school district in which the student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.
- c. Unless directed otherwise in writing by eligible students or parents, the District may disclose without consent “directory information,” which consists of the following: the student’s name, address, telephone number (unless indicated as unlisted), date and place of birth, electronic mailing address, dates of attendance, grade level, photograph, major field of study, degrees, honors and awards received, the most recent previous educational agency or institution attended by the student, enrollment status, weight and height of members of athletic teams and other similar information that would not generally be considered harmful or an invasion of privacy if disclosed. For more detailed information regarding directory information, see below.

NOTE: Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information and disclosures to the parents or eligible student, FERPA requires the District to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures.

**4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:**

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5920

### **NON-DISCRIMINATION POLICY**

The school district is an equal opportunity education institution and will not discriminate on the basis of race, color, national origin, sex and/or handicap in its activities, programs or employment practices as required by Title VI, Titles IX and Section 504. For information regarding civil rights or grievance procedures, contact Michelle Young, Title IX Coordinator, or Chris Maddas, Section 504 Coordinators, at 3002 Perry Highway, Hadley, PA 16130, 253-2025.
