

Good Afternoon,

We have been given an opportunity to record 15 second "well wishes" for our seniors, which will be aired on WGRP from 5:30 - 6:00 pm on the night of graduation. This will be done by using the Voice Recorder APP. I have included a link below so that you can see what it looks like.

[Voice Recorder App for WGRP](#)

Depending on your phone you will find this App in either Google Play or the App Store. If you would like to participate you will need to complete the following steps.

1. Put the App on your phone.
2. Record your message.
3. You will then be prompted to save the file (save as CP Senior Shout Out). Then click ok. The recording will be saved on the app.
4. Go to the bottom left corner of the app on your phone. You will see a play symbol with headphones. Tap that icon and your recorded message will appear. If you tap the message you can listen to it, and delete it if you want to try again.
5. Once you are ready to share the recording click on the three lines (hamburger) to the right of your message and tap share.
6. Now email the message to Craig at WGRP. His email is craig.wgrp@gmail.com

These recorded "well wishes" need to be sent to Craig at WGRP by Saturday at 5 pm.

Thank you,

Dan Ledebur

High School Principal

Commodore Perry School District
