

Math Tutoring

Any student in grades 7-12 will have free math tutoring available 4 days a week starting Monday, December 6. Students should be picked up at school to go home between 4:00 and 4:15 at the wrestling room entrance, which is the playground side of the school. If a student needs to leave beforehand, that is also fine. Mr. Hildebran and Mr. Crocker will be providing the tutoring.

M, W, Th—> Mr. Hildebran (ghildebran@cpanthers.org) in Room 219

T —> Mr. Crocker (mcrocker@cpanthers.org) in Room 115

Any student interested in receiving tutoring from either teacher should report to that teacher when school is dismissed.

Students/parents/guardians may reach out to either teacher with any questions.
