

# Primary Mathletes Sign Up Form

Primary Mathletes in grades 2 and 3 will strengthen math skills already learned, continue to build knowledge on concepts not yet mastered, and discover new and exciting math adventures to grow their mathematical “know how” to be ready for 3rd and 4th grade. They will also focus on closing some gaps that developed in the most recent 18+ months. Creative paper/pencil activities and technology will be used to accomplish the goals. Nothing is required of the student in terms of materials and there is no fee for this program - IT'S FREE!
