

DISTRICT WELLNESS

The Commodore Perry School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth, development, and readiness to learn. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

The Board appoints a Wellness Committee which serves as an advisory committee regarding student health issues and responsible for developing a Student Wellness Policy that complies with law to recommend to the Board for adoption. If you would like to participate in the Wellness Committee, please contact Mrs. Michelle Goehring at 724-253-3255 Ext. 1227.
